To Whom It May Concern:

Attached is a completed Form PTO-1449 and copies of the pertinent parts of the references cited thereon. Following are comments on these references.

Numerous patents have been awarded regarding collapsible strollers. The present invention is most applicable to the prior art within the references in Form PTO-1449. These patents pertain to 'all-terrain' and 'jogging' strollers, which are collapsible. Each of these strollers has a mechanism, which enables the stroller to folded for stowing and transport. The present invention is an improvement on all of these mechanisms since the stroller can be folded or unfolded with a single hand.

Very respectfully,

Andreas von Flotow
